

I feel privileged to receive K-love in my community, I have been listening for several yrs. If it was replaced by an LPFM broadcaster I feel that many people would suffer from this. K-love serves hundreds of thousands of listeners, with family friendly programs and songs, supports wholesome values, positive and encouraging impact across the country. This is a refreshing station and helps us all get through some tough times, K-love is very uplifting. Please do not take K-love off the air.
